Basket Party Hostess Directions

Show it off!

Take your basket party wherever you go so that you'll have more interaction with potential customers. The more people that see your basket, the more customers you'll have and the more FREE jewelry you'll earn. Many hostesses find it helpful to initiate a conversation if they're wearing their Paparazzi as well.

Try it on!

Feel free to try on the jewelry or accessories. However, please do not put on any of the earrings or make any adjustments to the rings that have adjustable backs until after you purchase them.

Make a sale!

Your basket party has a money bag with to collect everything in one place. Pink Paparazzi bags are also in your basket, each one has been pre-filled with my business card.

Share the Sparkle!

This packet also has a contact form for anyone who is interested in more information. They can sign up for email updates or check that they're interested in hosting an Open House. I will contact anyone who signs this sheet within the week after your basket party ends or they can contact me right away.

Collect your FREE Glam!

Bring the basket back to the pre-arranged meeting. We'll sit down together to do the inventory of any un-sold items and accounting. You'll collect your FREE items (1 for every 10 you sell; adult items only) right there on the spot!

Paparazzi Frequently Asked Questions

How often does Paparazzi come out with new jewelry?

All the time. No, really. Consultants have new inventory available to them every 3-5 days! My stock is replenished as I sell items so I'll have new items for nearly every event. You can attend Paparazzi parties in the same day and if there are different consultants, there will be different inventory!

What is the jewelry made from?

Paparazzi uses a blend of metals to make all our jewelry. It is lead and nickel free.

Is there a return policy?

Each Consultant sets their own return policies. If possible, I will fix any Paparazzi item at any time. I will return or exchange any damaged or broken item within 14 days of the original purchase.

Do you have a catalog?

There are no catalogs with Paparazzi! Our inventory changes so quickly, the printers wouldn't be able to keep up. My facebook page shows a portion of my current inventory but the only way to see it all is to PARTY!

What does a Paparazzi Party look like?

Paparazzi operates on an "Open House" style party. What does that mean to you? That means no presentations to sit through, no games, no high-pressure sales tactics and no customer ordering! You pick the location, invite anyone and everyone you know and let me bring the jewelry store to you!

Does Paparazzi do fundraisers or events?

Yes! I have several different fundraising options available! If you're interested in a fundraiser or have information about a vendor event, please let me know!

Become a Consultant

Why Paparazzi Accessories

1. The compensation plan: You earn 45% on each item you sell and by creating a down line (signing people up under you) you will earn commissions up to 10% on your team sales. But, you certainly don't have to sign anyone up and build a team to make money in this business.
2. After going public in 2011, there are less than 9000 consultants nationwide! We're growing quickly but the market isn't saturated like other direct sales companies.
3. We operate on an "Open House" premise. No sales pitches, no presentations, no games to organize and no customer ordering. All you have to do is set up the jewelry/accessories and the items will sell themselves! Sometimes, ladies pull jewelry out of my hand before I can put them on the displays! Or they buy jewelry that I am wearing!
4. Paparazzi is always coming out with NEW inventory! Our items are on-trend and change frequently...which means a large portion of your inventory will be new to each showing!
5. Flexible selling options: Go where your customers are, wherever that may be! You can set up a display in a salon or other business, you can do parties at assisted living facilities, teenagers parties, schools, fundraisers, Expos, etc.
